## **Underground Irrigation Lawn Sprinkler Requirements**

**Applicable Code** 2004 Illinois State Plumbing Code

### **General Comments:**

A-1 All work shall be in strict accordance with all applicable State and Local Building Codes and the comments included in this report. This review is based on and limited to the information presented on the drawings and material submitted. The absence of comments related to any item which is required by the applicable codes shall not relieve the applicant from complying with the code requirements as part of the project's construction. All work is subject to final on-site approval by the City of Woodstock or other applicable inspectors.

### **Permit Application-Information required for the issuance of a permit includes the following:**

Two copies of a plat of survey or other plot drawn to scale indicating:

- the location of the sprinkler heads (**note:** no heads maybe located in the city's Right of Way)
- Copy of Plumbing License
- Copy of the Cross-Connection Control Device Inspectors License
- Copy of Irrigation Employee Registration
- RPZ Backflow Prevention specifications
- Certificate of Inspection upon completion, forwarded to the Department of Public Works

### **Required Inspections**

A rough inspection is required to ensure proper installation and piping of the RPZ and inspection of the piping after the meter to determine if that piping has included a drain on the riser before the RPZ so that a dead-end situation does not occur.

A final inspection is required to verify the location of the sprinkler heads per irrigation site.

Inspections should be scheduled at least 24 hours in advance, by calling the Community Development Department: 815-338-4305. The following information is needed when requesting an inspection.

- |  |                            |
